DUNE nace en el corazón de la mayor zona productora de cerámica española, dentro de un grupo empresarial dedicado al diseño y fabricación de cerámica de pequeño formato y a la decoración en tercer fuego.

Desde sus orígenes, DUNE ha explorado las posibilidades técnicas y estéticas de la cerámica, para ofrecer al mercado productos diferentes e innovadores, capaces de mejorar la vida de las personas, haciendo más bello su entorno.

En poco tiempo, DUNE expande su capacidad creativa a nuevos materiales y productos, transformando la piedra, el cristal, el metal o la madera en revestimientos, pavimentos, mosaicos y lavabos de gran belleza y singularidad.

Así, con más de 25 años de experiencia y con la ilusión y energía del primer día, DUNE se ha convertido en una marca internacional de referencia, valorada por arquitectos, interioristas y distribuidores de todo el mundo por su originalidad y versatilidad.

DUNE was born in the heart of the largest production area of ceramics in Spain, within a business group dedicated to the design and manufacture of small format ceramic tiles and decoration in third firing.

From its origins, DUNE has explored the technical and aesthetic possibilities of ceramics, to offer different and innovative products, aimed to improve the lives of people, by making their surroundings more beautiful.

In a short time, DUNE expands its creative capacity to new materials and products, transforming stone, glass, metal or wood into floor and wall coverings as well as mosaics and washbasins, all of them of great beauty and uniqueness.

Thus, with more than 25 years of experience and with the illusion and energy of the first day, DUNE has become an international benchmark, valued by architects, interior designers and distributors from all over the world for its originality and versatility.

SHAPES

Surge de la exploración del contorno, el volumen y la textura de la cerámica.

Cuatro series con una filosofía común, pero una estética muy distinta:

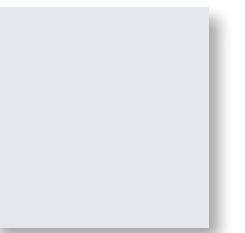

- #1 Líneas rectas y ángulos
- #2 Líneas curvas y formas orgánicas
- #3 El diálogo de las líneas paralelas con la textura
- #4 El desafío del volumen y la forma en un producto técnico

It arises from the exploration of the edges, volume and texture of ceramics.

Four series with a common philosophy, but a very different aesthetic:

- #1 straight lines and angles*
- #2 curved lines and organic forms*
- #3 the dialogue between parallel lines and texture*
- #4 the challenge of volume and form in a technical product*
